Accreditation

Delaware Valley University has applied for provisional accreditation from the Accreditation Review Commission on Education for the Physician Assistant (ARC-PA). Delaware Valley University anticipates matriculating its first class in October 2022 pending achieving provisional accreditation status at the June 2022 ARC-PA meeting. "Accreditation-Provisional" is an accreditation status granted when the plans and resource allocation, if fully implemented as planned, of a proposed program that has not yet enrolled students appear to demonstrate the program's ability to meet the ARC-PA Standards or when a program appears to demonstrate continued progress in complying with the Standards as it prepares for the graduation of the first class (cohort) of students.

PHYSICIAN ASSISTANT STUDIES PROGRAM CURRICULUM AND COURSE SEQUENCING
