How much do I post?

BE ACTIVE AT LEAST WEEKLY, IF NOT DAILY.

- Active = posting, commenting, liking, reposting relevant content to your page.
- Users are subscribed to your page to see content relevant to your club/organization/sport/program.
- Engage with other DelVal accounts including the main DelVal accounts and alumni accounts.
- You have a better chance of getting reposted by DelVal if you tag us.
- Answer the users who comment under your posts. Suggest they check out another resource to learn more.

When do I post?

- Between the hours of 9 a.m. and 7 p.m. are reasonable.
- Use your judgment about how your audience behaves to find the best hours for increased engagement. These are usually between the hours of 11 a.m. and 4 p.m.

Keep these simple caption tips in mind:

- Never use all caps (unless an abbreviation).
- Check for spelling errors before posting.
- Caption length only matters on Twitter. Be wordy if you need to. Be concise when it calls for it. Those who are interested will read it.
- Use Feb.10 instead of February 10th. Use 6 p.m. instead of 6PM.
- Address professors respectfully. It's Dr. Dohle, professor of plant science, not Sarah Dohle.
- Students and/or alumni always need their graduation year after their names. Kai Allen '24, a biology major, scored a touchdown on Saturday.

Creative Tips:

- Only use filters where appropriate
- Use photography rather than graphics when possible on Instagram
- Photos of people and animals are better than static objects
- Utilize Instagram Reels (the video will play a sneak peek when people share it to their story)
- Use hashtags and tag all people/businesses in the photo/video
- Reach out to the people in your content and ask them to repost
- Always ask for consent before taking photos or posting students or faculty members
- Keep content diverse and inclusive of all people

Key Performance Indicators are generally the same across all platforms.

Tips for Creating Posts in Canva

- While creating a graphic, use DelVal colors, fonts, and logos. When people visit your page, they should immediately get the hint that it's a DelVal associated page.
- Off brand colors are okay when it makes sense. For example, a Happy Valentines Day post would entail colors like red and pink.
- Avoid pulling graphics and photos from Google. It's illegal to take photos off the internet that are not yours. You may put DelVal at risk of being sued for taking the photos of another content creator.
- Take your own photos, and create your own graphics when possible.

STAY ON BRAND AS MUCH AS POSSIBLE!
