# WHO DO YOU WANT TO BE?

**ALICIA FENSKE '22**, a conservation and wildlife management alumna, worked with veterinarians in Belize assisting with vaccinations for animals such as cattle, swine and horses. During her time at DelVal, she tutored students and helped with labs on campus. Alicia also had the opportunity to take a Marine chemistry class in Bermuda where the ocean became her living laboratory!

**BE A WILDLIFE WARRIOR.**

Alicia Fenske '22  
Conservation and Wildlife Management

**BE AN AGRIBUSINESS MANAGER.**

Kendra Mounts '22  
Agribusiness

**KENDRA MOUNTS '22**, is continuing her education at DelVal, and is expected to complete her M.S. in agribusiness management in December 2023 through the 4+1 program. As an undergraduate student Kendra took an internship with Mountaire and Millsboro Hatchery.

**MADELEINE BUZZEO '22**, a sustainable agricultural systems alumna, is headed to Arlington, Virginia to be a policy intern for the National Association for State Departments of Agriculture (NASDA). As the first DelVal student to get accepted as a NASDA policy intern, Madeleine says she is excited to see what current agricultural issues are being worked on and how they are being tackled.

**BE A POLICY MAKER.**
