Narrative	On April 25, 2019, the Delta Epsilon Beta sorority was charged with violating the University Hazing Prevention policy as a result of an incident which occurred on April 19, 2017 and was first reported on February 15, 2019. During the hearing to resolve the matter on May 7, 2019, it was determined that the organization provided perspective members with misleading information about the new members' performance through the process and the duration of the new member period. As a result of this determination, the sorority agreed to alter their new member process and engage in restorative dialogue about the manner in which new members are brought into the group.
