How do I enroll as an Authorized User?** Ask student to log into myDelVal and scroll down to "I Want To..." section click on TouchNet (www.delval.edu/touchnet). On the right side, under "My Profile Setup" click on Authorized Users then add authorized user and enter preferred email address, follow remaining instructions. Returning families with banking information stored in TouchNet will be able to choose a saved payment method. Pay methods saved as preferred will automatically see that pay method only.
- **May I change the payment method after I enroll?** Payment methods cannot be changed on your own. Contact the Bursar's office by phone or e-mail at least four (4) business days in advance before the next payment installment. The Bursar's office will assist you with deleting the saved payment method which would allow a new payment method to be saved by student/authorized user. The new payment method must be reassigned to remaining monthly installments for a payment plan to remain valid.
- **When will TouchNet withdraw the payment from my bank account or charge my credit card?** The enrollment fee and any down payment are withdrawn/charged on the day that you complete your payment plan enrollment. Monthly payments are automatically withdrawn/charged on the 15th of each month as specified in your plan agreement.
- **Why doesn't the payment show in my bank or credit card account on the due date?** Though the student account is updated immediately, it may take 1 to 3 business days for the withdrawal/charge to process. You should still ensure that the funds are in the account before enrollment and on each due date.
- **What if I enter my bank account information incorrectly?** DelVal will charge a \$50 fee to your student account, terminate your payment plan, and place a hold on your student account. You may enroll in a new payment plan if one is available and pay an additional enrollment fee. If no payment plans are available, your student account balance will be due immediately.
- **What if my bank or card company rejects a payment?** DelVal will charge a \$50 fee to your student account, place a hold, and terminate your payment plan if a payment cannot be withdrawn/charged on its due date for any reason.
