The Everything A-Day Edition!

An invitation from the 2025 A-Day Committee - celebrate 75 years of A-Day!

A-Day is turning 75, and we're celebrating in a big way on **April 25-27** – but we need your help to make it unforgettable! A-Day alumni are invited to help us honor this tradition by sharing your favorite A-Day photos and stories – or better yet, join the celebration to reconnect and reminisce at the A-Day Opening Ceremony on **Saturday, April 26, at 10:00 a.m., on the quad.**

[Click here](#) to share your memories or let us know that you can join us. Also, if you have any pictures from past A-Days (JPEG or PDF format, please!), send them to rachel.mauer@delval.edu. Let's make this A-Day one for the books!

DeVal Students in the Spotlight!

Philadelphia Flower Show

DeVal shone once again at the Philadelphia Flower Show, presented by the Pennsylvania Horticultural Society.

The theme of the show, "Gardens of Tomorrow", challenged exhibitors to envision the future of horticulture. DeVal's exhibit, "Into the Clouds", which was designed and built entirely by students, transported visitors to the year 2150, where digital gardening redefines the connection between ecology and innovation.

Featuring a jungle, desert, and waterscape, the exhibit immersed attendees in a futuristic world of diverse biomes. Another year, another stunning showcase of DeVal student talent!

The Full360 Wins Big at Keystone Media Awards!

DeVal's student-run media organization, The Full360, earned top honors in the 2025 Keystone Student Media Awards, securing three first-place and two second-place awards. Hosted by the Pennsylvania NewsMedia Association, this statewide competition recognizes excellence in college journalism. You can read The Full360's award-winning work at full360delval.blog.
